

Student Order Form/ Purchase Agreement

Section 1: Qualifications

I certify that I am a degree-seeking student or a faculty member (as checked below) at the Institution stated, and I am purchasing the Autodesk/Discreet™ Software for my own personal use for education purposes only and not for commercial use.

- Degree-seeking student: I am a registered student who can confirm current enrollment in three (3) credit hours in a degree-granting program or who can confirm current enrollment in a nine (9) month certificate-granting program. I have attached a copy of both my current student ID and a copy of my current registration card confirming enrollment requirements outlined above.
- Faculty (full-time or part-time): I have attached a copy of my current faculty ID.
- K-12 Student: I am a registered K-12 student who can confirm current enrollment. I have attached a letter from my institution confirming my current registration and enrollment.

Section 2: The Autodesk/Discreet Software License Agreement

I agree that if I open the sealed software media pack, I will be bound by the terms and conditions of the Autodesk/Discreet Software License Agreement included online or in the product box. In particular, I understand that I cannot sell, transfer, modify, or copy the Autodesk/Discreet Software. I agree that the software license I have purchased is for education use only. Commercial use of this product will immediately terminate my right to use the software.

Though functionally identical to software used by professionals, the educational version of Autodesk/Discreet software may contain the following features that differentiate it from the commercial version: education-specific hardware or software lock, on-screen and printing features that identify the software as an "educational version," and a limited term license.

Section 3: Upgrades and Education to Commercial Transfers

Upgrade and Education to Commercial transfer product eligibility and pricing information is available through an Autodesk Education Reseller at www.autodesk.com/reseller. AutoCAD LT and 120-day licenses are not upgradable. Education to Commercial transfers apply to select two-year term licenses and select Discreet products only.

Section 5: Technical Support

Technical support is not available directly from Autodesk or Discreet. Basic installation support for Autodesk Student Portfolio Products is available from Thomson Learning at 1-949-592-2189 or you can send an email to adp@tech-mail.com. Additional online support resources are available at www.autodesk.com/support.

Section 6: Parental Consent (to be signed by the parent or legal guardian—for K-12 students only)

By opening the sealed software media pack, my dependent agrees to be bound by the terms and conditions of the Autodesk/Discreet Software License Agreement. In particular, I understand that under this Education Software License, my dependent may not sell, transfer, modify, or copy the Autodesk/Discreet Software. My dependent has purchased this software for education use only. Commercial use of this Autodesk/Discreet Software license will immediately terminate my dependent's right to use the software.

I have read and agree to the terms above and have attached proof of my status.
